»»» LED Replacement Bulbs

THE BRIGHTEST, MOST ENERGY-EFFICIENT
REPLACEMENT POOL BULB

SAVINGS TO BRIGHTEN UP ANY BACKYARD.

CrystaLogic® LED Replacement Bulbs are the quickest, most cost-effective way to upgrade standard incandescent pool lights to energy-efficient, long-lasting LEDs. With simple installation and a UL-listing that ensures seamless retrofitting into Hayward® AstroLite™, DuraLite or other 120V pool housings, they're one of the brightest ideas we've had yet.

A BRIGHTER WHITE

CrystaLogic LED Replacement Bulbs have the equivalent lumen output of typical 500W incandescent bulbs—creating uniform illumination that gives any pool a clean look.

SUPERIOR ENERGY-EFFICIENCY

Not only do CrystaLogic LED Replacement Bulbs shine brighter, they're also designed for maximum energy efficiency, using up to 87% less energy than their incandescent counterparts.

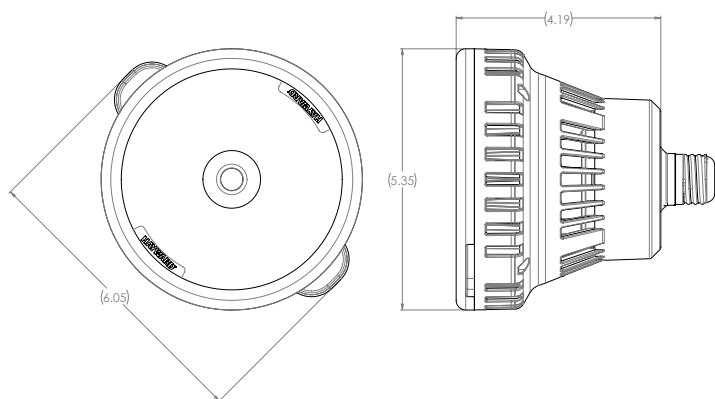

LONG-LASTING PERFORMANCE

CrystaLogic LED Replacement Bulbs outshine the competition by lasting 10 times longer than incandescents. And with a lower price point than other LED options, they ensure season after season of savings.

SPECIFICATIONS

Part #	BPWUS11120
Equivalent Brightness	500W
Bulb Type	R40
Application	Pool
Warranty	1 year warranty

LIGHTING FACTS

Brightness	4800 lumens
Life (based on 6 hrs/day)	15.98 years
Estimated Yearly Energy Cost (based on 6 hrs/day, 11¢/kWh)	\$9.64
Energy Used	40 watts
